

Doublebase™ Gel

Isopropyl myristate 15% w/w, liquid paraffin 15% w/w.

Uses: Highly moisturising and protective hydrating gel for dry skin conditions.

Directions: Adults, children and the elderly: Apply direct to dry skin as required.

Contra-indications, warnings, side effects etc:
Please refer to SPC for full details before prescribing. Do not use if sensitive to any of the ingredients. In the rare event of a reaction, stop treatment.

Instruct patients not to smoke or go near naked flames. Fabric (clothing, bedding, dressings etc) that has been in contact with this product burns more easily and is a potential fire hazard. Washing clothing and bedding may reduce product build-up but not totally remove it.
